No. 317.—*The following Press Note of the Government of Bombay No. 5501, dated 23rd August 1902, is published:—*

## Press Note.

His Majesty's Ambassador at Constantinople, acting on the reports received from the British consular authorities at Jeddah, has urgently represented the necessity of taking effective measures to prevent the annual recurrence of the scandal and miseries involved by the stranding at Jeddah, towards the end of the return pilgrim season, of large numbers of destitute Indian pilgrims. The Government of India have accordingly directed that, as an immediate step in pilgrims. The Government of India should be exercised widely and vigorously of the season this direction, intending pilgrims should be encouraged to secure return steamer tickets before leaving their country in their own interests of either securing return steamer tickets before leaving their part of departure, or of depositing money sufficient to cover the cost of the return journey at the British Consulate at Jeddah on their first arrival there. They also direct that attention should be drawn to Nos. 5 and 6 of the instructions for pilgrims to the Hadjar and that the Mahomedan Associations and Associations should be requested to warn pilgrims of the necessity of making adequate provision for the return journey.

2. All District and Political Officers have been directed to give the widest publicity to the above directions, and the Governor in Council trusts that the Mahomedan Associations and Associations throughout India will co-operate in disseminating the information and in warning their constituents.

3. Through the generosity of Mirza Mahomed Shirozi, Agent to the Bombay and Persia Steam Navigation Company, arrangements were made at the conclusion of the last pilgrim season to ship back to India some 300 indigent pilgrims, who were stranded at Jeddah, but whose dependents cannot be placed on individual efforts such as this to meet an annually recurring situation. As a body the Mahomedans of India will no doubt realize their moral obligation to see their constituents from the hardships and miseries to which, in the absence of any organized measures of relief, they will continue to be exposed; and Government have therefore requested the Raj Committee of Bombay to approach the leaders of the Mahomedan community and the Associations throughout India with a view to the collection of a substantial fund to be appropriated to the laudable object of repatriating indigent pilgrims from the Hadjar. The Governor in Council desires to express his earnest hope that the appeal of the Committee will meet with a wide and liberal response.

4. The proposal to extend to Indian pilgrims the system of compulsory return tickets already in force in other countries which participate intensively in the Haj pilgrimages, which seems to offer the only complete and permanent solution of the present difficulty, has again been brought prominently to the attention of Government, and they are now considering it afresh in the light of the urgent representations referred to above.

*Accompaniment to the ships.*

*Nos. 5 and 6 of the General Instructions for Pilgrims to the Hadjar.*

5. Pilgrims are further advised, in their own interests, (a) to secure return tickets, (b) to take with them money in gold sufficient to defray all expenses to the holy places and back, and (c) to register their names at the British Consulate at Jeddah.

6. They are reminded that sufficient provision for the journey has been laid down in the Koran and the traditions of the Prophet and by the great interpreters of Islam in the *Najm* Hadjra and the *Mahabul Minh* should as compelling on all intending pilgrims. The destitution and suffering which prevail among the returning pilgrims are due to a great extent to the neglect of these wise injunctions, and they are advised, in their own interests, that, with a view to ensure their safe return to their homes, they should, when they have not secured return tickets, deposit (1) with the Commissioner of Fehel, Bombay, through the Protector of Pilgrims, an amount sufficient to cover the expenses of the railway journey from Bombay to their homes before embarkation at Bombay, and (2) with the Vice-Consul at Jeddah, on arrival at the Hadjar, a further sum to cover the cost of the return steamer journey.

1. It shall not be lawful to bring timber from private or Government lands within the area to which the Madras Forest Act applies, to the rivers Godavari and Sabari, for transport

along these rivers, unless accompanied by a permit as laid down in rule 5.

The permit shall be produced at the first checking station reached on the river. The officer in charge of the station shall check the timber with the permit. As soon as the timber has been checked with the permit and found to be correct, the permit shall be endorsed under the signature of the officer checking it with the words "checked and passed," and the endorsement shall be dated and the permit handed over to the person producing it to cover the timber during further transit through protected tracts. Whenever possible, the timber should also be marked with a pass-hammer mark. If the timber is found to differ from the description in the permit as regards species, number of logs or their dimensions (length, girth and cubical contents), or if the permit

is defective or time-expired, the checking officer shall note the circumstances on the back of the permit and allow the timber to proceed to the next Revenue station. If the timber is not covered by a permit, it shall be seized and treated in the manner laid down in Chapter VII of the Madras Forest Act.

At the first Revenue station reached, the timber shall be checked, the permit recovered and a way-permit in Form III issued in exchange.

The checking stations are specified in Schedule I appended. The Collectors of Godavari shall be at liberty to revise the schedule from time to time by notification in the District Gazette.

Nothing in this rule shall affect the provisions of rules 4 to 8 of the rules under section 28 of the Forest Act for the management of the reserved and unreserved lands in the Kistna-echina taluk published in the Fort St. George Gazette noted in the margin.

If the permit is defective or time-expired, the timber will be liable to seizure and destruction and the holder of the permit to prosecution under rule 9.

All timber entering the district from the territories under the Chief Commissioner of the Central Provinces or from those of His Highness the Nizam of Hyderabad, or from the State of Buxar shall proceed along the route prescribed in Schedule II. If the owners of such timber do not desire to export it at once, they may stack it anywhere on the route, subject to such conditions as may from time to time be prescribed for the purpose by the Collector of Godavari and notified in the District Gazette.

3. All timber in transit shall stop for check at each of the Revenue stations it passes, viz., Pulveratla and Rajahmundry (Kottalipalle) and also at the nearest head-lands if there are none.

4. It shall be lawful for the Collector of Godavari to prescribe from time to time by notification in the District Gazette, detailed instructions as to the manner in which timber is to be raised or carried by boat, and the quantity that may be floated or carried in each raft, or boat. The necessary details in accordance with such instructions shall be entered in the permits and failure to comply with the conditions so prescribed shall render the timber liable to seizure and destruction and the conditions are fulfilled or to prosecution under rule 9.

5. In the case of timber from Government lands (reserved forests, or reserved or unreserved lands) the permit shall be a printed one in Form I appended. In the case of timber from private lands, it shall be a printed one in Form II appended, and in the case of foreign timber it may be either printed or written and in any form substantially corresponding to Form II.

Permits in Form II shall be in duplicate and shall have all the columns filled up by the owner or his authorized agent; the original shall be handed over to the person authorized to move the timber and the duplicate shall be kept as a counterfoil. In the case of timber from private lands, the counterfoil permit shall be kept for at least six months from the date of the issue of the original, and shall be produced for inspection at any time within that period, on the application of any Forest Officer and under the rank of Forester. The way-permit shall be in triplicate and shall have all the columns filled up by the officer authorized to issue the same; the original shall be handed over to the person moving the timber; the duplicate shall be sent to the checking officer at the destination of the timber. The checking officer there shall recover the original from the party after check and forward it to the officer mentioned for the purpose by the District Forest Officer. In place of the original permit thus recovered from the party, the checking officer who issues the original will hand over to the party the duplicate he has received after sending his receipt on it.

In the case of timber in transit, the permit shall be produced whenever demanded by any Police officer, or Forest officer or under the rank of Forester. The quantity of timber in transit must not be greater than that entered in the permit, and if it be less, the same permit must not be used again to move the timber.

When a permit is taken out for a certain number of logs and in the course of the journey some logs are separated and left behind, the original permit which accompanies the first batch should be given up at the first Revenue station

and a way-permit obtained for the actual quantity transported, with a remark thereon as to the quantity left behind. This way-permit will cover the subsequent transport of the remainder.

7. The ownership of timber, including drift timber imported or exported for trade purposes, or moved within the area protected by these rules, may be indicated by a property mark.

All such property marks shall be registered at the District Forest Office, provided the District Forest Officer may refuse registration and may cancel the registration of any property mark, if he considers that such property mark cannot easily be distinguished from a Government mark, or from a property mark used by another person, or for other good and sufficient reason which shall, in every case, be placed upon record by the District Forest Officer and submitted for the approval of the Collector. A certificate of registration in Form IV appended shall be granted by the District Forest Officer to the person registering.

8. Registration and each renewal of registration shall hold good from the date thereof until Date up to which the registration of property marks has effect. 1st April following the date of registration.

9. Any breach or infringement of these rules shall render the offender liable on conviction before a Magistrate to imprisonment for a term which may extend in one month or fine which may amount to Rs 500, or both.

Provided that no act or omission shall render any person liable to prosecution under these rules unless it occurred within the territories in which the Madras Forest Act (V of 1902) applies.

10. The checking officers at the stations mentioned in rule 3 are hereby empowered to arrest offenders under these rules.

(2) The rest of the Presidency with the exception of the Nilgiri district and the Wynnad taluk, Arangal, Tenkaveri and the Annapuli valley of the Malabar district.

(3) The Bangalore taluk.

3. Free-tapping licenses shall be issued on the application—

- (a) of licensed toddy shopkeepers in areas in which the toddy shops are sold by auction or licensed separately;
- (b) of persons having the exclusive privileges of manufacture and supply of coconut toddy, except as foreign liquor;
- (c) of tappers on their own application in the South Canara district, provided that the application for license is accompanied by an application for a permit for the transport of the toddy from its source to some particular shop and that the latter application is sanctioned or acknowledged in its favor by the shopkeeper to whom alone the toddy is to be taken;
- (d) of free-tappers generally, and of sweet-toddy tappers in the Coimbatore district, and in the Wynnad, Nilamangalam, Tanakur, Mysore and Tenkaveri taluks of the Madras district, for not more than five trees in the case of free-tappers and three trees in the case of sweet-toddy tappers, for the drawing of toddy required for domestic consumption, but not for sale; and
- (e) of toddy shopkeepers or tappers in the Mysore territory, and in the Bangalore taluk desiring to obtain toddy from trees growing in British territory.

(f) of toddy shopkeepers in the Palakkad taluk desiring to obtain toddy from trees in British Territory provided that the application is certified or sanctioned by the Salt and Abkiss Inspector of the State.

In cases (a), (b), (c), and (e), the license may be issued in the name of the applicant himself or of his nominee, and in cases (d) and (f) in the name of the applicant only.

4. Persons wishing to apply for the grant of free-tapping licenses must first pay the fee (in the first instance that of, or in the case may be) due on account of the trees which they desire to tap, into a Government treasury, which may be either the District treasury, a Taluk treasury or a Sub treasury. District officers may also empower heads of villages to receive payments on account of tree tax and to grant receipts therefor.

4. (1) Applications for the grant of free-tapping licenses must be made in the prescribed form to the Inspector, Salt, Abkiss and Customs Department in charge of the circle in which the trees are situated. Forms may be obtained from the Inspector of Salt, Abkiss and Customs Department, and from all Talukdars and Deputy Talukdars and will be supplied free of charge. Applications put in by shopkeepers and tappers need not be stamped; those put in by other persons must have a receipt stamp of the same. In any case, if the fees have been paid into a treasury, the application must contain a certificate of payment from the treasury officer if payment has been made in a village head the receipt must accompany the application. Mysore tappers and shopkeepers applying for trees in British territory should pay the tree-tax into the Mysore Revenue Treasury and should present before the British Talukdar or Deputy Talukdar concerned along with the application an amount of Rs. 2, 2, 6, 6, the receipt with the Talukdar's certificate at the foot to the effect that the applicant is a person entitled to tap and a free-tapping license in Mysore. The tree-tax should be collected at the higher rate if the rules set out the same on the two sides of the frontier.

(2) Applications for free-tapping licenses in the South Canara district should be countersigned by the owner of the trees intended to be tapped in the name of the owner.

5. Toddy shopkeepers in towns adjoining the Mysore territory will also be allowed to tap trees in Mysore for the supply of toddy to their shops on payment of the whole of the license in one instalment into the British treasury and subject to such regulations regarding permits, etc., as may be prescribed in this behalf. The rate of tree-tax to be paid in such cases will normally be the higher rate in force if the rate is not the same on the two sides of the frontier.

The British and Mysore Governments reserve to themselves the right to impose, in addition to the tree-tax, a duty for the use of trees belonging to them, the same when required being payable by British and Mysore licensees alike. The arrangements agreed to by the British and the Mysore Governments with regard to the issue of licenses for tapping trees in either territory on the application of licensees or shopkeepers in the other do not prevent the restriction of trees to any specified area in the Madras Province or in Mysore with a view to effecting their growth or for other relevant reasons, and the same payment of tree tax into a British or Mysore treasury does not entitle an applicant to tapping license for trees so reserved.

6. Toddy shopkeepers in British territory adjoining the Bangalore taluk will be allowed to tap trees in the State on payment of tree-tax, the rate being the same as in the Bangalore taluk. Similarly those in the Bangalore taluk will be allowed to tap trees in the adjoining British territory.

7. Persons applying for the issue of licenses will be responsible to Government for all costs payable as interest on account of the trees licensed to be tapped.

8. (1) On receipt of an application, the Inspector, unless he sees special cause to the contrary, will at once issue slips for the marking of the trees by an officer superior in rank to a petty officer and for the issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so after reasonable notice, the fees paid by them shall be liable to be forfeited at the Collector's direction.

(2) In the Coimbatore district and in the Wynnad, Nilamangalam, Tanakur, Mysore and Tenkaveri taluks of the Madras district, trees intended for the drawing of fermented toddy and those for the drawing of sweet toddy shall, as far as possible, be in separate open or blocks.

9. Collectors may, from time to time, provide the maximum number of trees to be entered in an original application. They may also limit that the trees situated in one village only shall be included in an application.

10. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any get be attached to any toddy tree, until the tree has been marked by the proper officer.

11. For purposes and date trees in the Presidency and the District (where applicable) trees in South Canara, free-tapping licenses shall be issued that is, as before from 1st October or any subsequent date to the 30th September immediately following, and for coconut and sapo trees they shall be date to the 30th September immediately following, and for coconut and sapo trees they shall be half-yearly, that is, to issue from 1st October or any subsequent date to the 31st March immediately

SUPPLEMENT TO PART II  
OF  
**THE FORT ST. GEORGE GAZETTE.**

No. 26.]

MADRAS, TUESDAY EVENING, JULY 8, 1912.

[PART, 1. CONT.]

**SALT, ANKARI AND CUSTOMS DEPARTMENT**

**NOTIFICATION.**

No. 17, dated 24 July 1912

**NOTICE OF SALE OF ANKARI PRIVILEGES.**

Notice is hereby given that the number of farms and independent shops appointed for the sale of liquor during the twelve months beginning 1st October 1912 and ending 30th September 1913 and the local limits appointed for them will be notified by Collectors at the District Quarter, and that the privilege of sale therein will be put up to public auction on the date, at the place and by the officers to be notified by Collectors subject to the conditions hereinafter set forth.

**Conditions of Auction Sale**

II. The districts in which independent toddy shops and arakali farms, respectively, will be sold are specified below—

Independent toddy shops.

Arakali farms.

Throughout the Presidency including the Madras and Tanjore States, the Arakali valley, and including the Madras district and the Wynod taluk and the Arakali valley in the Madras district and the Agency towns.

A separate notification will be issued regarding operations under the low-tax system. Collectors will issue orders regarding the towns where special systems are in force.

III. A deposit must be made by each bidder previous to bidding and will be received by the selling officer on the day of sale. A deposit of Rs. 40 will ordinarily be required from any person wishing to bid for any independent shops or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate weekly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the case of farms Rs. 100 will be the ordinary deposit. This will be reduced to Rs. 50 in the case of bidders for farms of an aggregate weekly rental of not more than Rs. 100 and to Rs. 20 in the case of bidders for single small farms. In the Kaveri district, the selling officer may, where he finds it necessary, require a deposit of Rs. 30 only from bidders for toddy shops. In the South Arcot district, the selling officers may at their discretion reduce the deposit to Rs. 5 for shops whose average weekly rental does not exceed Rs. 2.

IV. The shops or farms will be put up to auction in the order in which they are notified, unless the selling officer sees reason to change that order. Upon notice will be fixed at the discretion of the Collector. The reserve price placed by Government on the shops or farms will not be published, but the average of the previous five years' rentals will be notified by the Collector, whenever possible, for the information of bidders.

V. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

VI. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a licence or of a contract under the <sup>Act of 1902</sup> ~~Act of 1902~~ as to render him unsuitable as a holder of a licence or on the ground that he is inclined or is present arrangements in the interest of Government interests or for any other valid reason. He may also refuse any bid which

he may consider to be purely speculative, after recording his reasons for doing so. Village officers\* will not be allowed to bid for or to have any direct interest in shops for the sale of intoxicants.

VII. The shops and farms will be knocked down to the highest bidder, but the sale will be subject to formal notification of the Collector, who shall be at liberty to accept or reject any bid at his discretion. Such formal notification will be tantamount to an acceptance of the bid, unless notified by the Board of Revenue for special reasons, and will be necessary whether the sale be held by the Collector himself or by any other appointed by him.

VIII. In case of dispute the selling officer's decision shall be final. If for any reason the highest bid is rejected, the next highest shall be taken, at the shop or farm owner's or his discretion.

IX. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. In the morning previous, each person whose bid is accepted, shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit of half a month's rent in addition to the deposit made under clause III) for each shop or farm, unless the initial deposit equals or exceeds two months' rent. Should he fail to do so, the deposit made by him under clause III) will be retained and the farm or shop will be put up for sale immediately by the selling officer on the above conditions or otherwise disposed of by the Collector and the defaulter will be delivered from holding a piece for the same or for any other farm or shop.

X. Persons to whom farms and shops have been knocked down and who have made deposits as provided in clauses III and IX, shall also deposit, each further sum or with the former deposits will make up two months' rent, to be paid within ten days from the date of notification of the Collector a acceptance of the bid and shall, without unnecessary delay execute the necessary arrangements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after execution of the agreement it will be binding on his heirs and assigns. Should the initial deposit exceed two months' rental the excess will be refunded unless the purchaser is required to deposit twice that sum under clause XI a) b).

XI. If on any day subsequent to sale the purchaser shall be found to be of doubtful solvency, he may be required either to deposit two months' rental in addition to the sum provided in clause X, or, as to get a surety or sureties to execute a security bond for the due payment of all moneys that may become due to him under the terms of the contract. The bond shall be accepted (article 1, article I, Art II of 1897) and registered at the expense of the purchaser if the amount thereof exceeds Rs. 1,000.

XII. On the failure of any person to make deposit under clause X or to comply with the requirements under clause XI, upon or to execute arrangements, and take out licenses as aforesaid, the deposits already made may be forfeited and the shop or farm re-sold under the order of the District Officer on the dates decided by the Collector or otherwise disposed of by the latter officer.

XIII. Re-sales ordered under clause XII will be at the risk of the defaulting bidder, who will forfeit all paid, and, in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. If the latter sum the forfeited deposits will be deducted from the loss arising from the resale, and the remainder, if any, will be recovered from the defaulter in the same manner as if it were an amount of land revenue. Should, however, the forfeited deposits be greater than the loss by resale, the whole of such deposits will be applied to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by resale and such final and final loss to Government is incurred with original sale.

XIV. The purchase of the privilege is liable to the penalties provided for breaches of the conditions set forth below, though a formal notice may not have been issued to him.

XV. The deposit referred to in clause X or clause XI, as the case may be, will be taken as security for the due performance of the conditions of the license. If the defaulter fails to increase or agree, it may be retained towards the last payments of the dues payable by the holder.

The license issued under the above clauses will contain the following general conditions common to all shops and farms, as well as the special conditions prescribed below.

#### General Conditions applicable to all Shops and Opium Licenses.

1. General supplies of country spirits are prohibited from holding within their contract areas any license in the retail trade of arrack or in the retail of other intoxicating liquors such as toddy, foreign liquor and beer, and from employing any person who has such license. This prohibition does not extend to the wholesale supply of foreign liquor or of distilled spirits licensed elsewhere. No person is permitted from holding no contract in the retail trade of country spirits in areas other than those for which they have been granted the supply contract, or from holding goods and opium shops either within or without their contract areas. Revenue is prohibited from having any interest either direct or indirect in the retail trade of beer or the Nigrita.

2. The limits within which rules under any alcohol or opium license may be worked on will be specified by the Collector at the time of the grant of the license. The sale or possession (except subject to the rules applicable to re-solden property) of liquor, opium or intoxicating drugs outside these limits is prohibited.

3. Sales must be conducted in a suitable building of which the whole or part must be entirely set aside for use as a depot or shop. If there are means of communication between the depot or shop and an adjoining dwelling house, they must be kept locked at night. In the case of arrears shops and taverns in accessible, or towns having a population of 25,000 and over, the shop premises shall have no doors except into the main street; there shall be no possible means of ingress or egress in any other direction; the interior of the shop shall be continuously lighted by day and the shop shall not be used as a place of residence even by the holder and his family or associates.

4. Except in the case where two or more foreign liquor licenses are held by one person, sales under such licenses must not be in different premises (kitchens and druggists and medical practitioners excepted). The premises upon any licensed premises of any liquor, opium or intoxicating

\*The order is not intended to deter village officers from holding a third or a fourth license of any kind, nor is it intended to bar them from any village in which the village officers themselves are employed.

† It must may be in such or other approved manner.

‡ Different Deputy Tahsildars in independent charge.

38. Power is further reserved to Revenue officers to suspend<sup>a</sup> from sale any licence of payment of licence or (in the case of toddy) tree-tax also on the day given. In the case of areca, toddy, gunga and betel-nuts and nutmegs, this power will be exercised by Tahsildars in the case of opium shops by Divisional Officers and in other cases by the Collector.

39. In the event of suspension of a licence for failure to pay arrears, the privilege of sale will be resumed with effect from the date of issue of licence to the new purchaser on conditions imposed at the Collector's discretion. All losses on account of suspension and results of other disposal of the privilege shall be borne by the defaulting licensee, but he shall have no right to gage, if any, whilst suspended. The whole of the deposit, if any, and/or of the reimbursement of the loss will be liable to forfeiture. The officer who has power to suspend the licence may, however, at his discretion, allow sales to continue pending resumption or other disposal of the privilege.

40. Interest on all monies due shall be payable at the rate of 4 percent. per annum.

41. Indemnity of any of the conditions of the licence either by a licensee or by any person in his employment will extend to the licensee—

either (a) for up to Rs. 50,

or (b) forfeiture of deposit, if any, and cancellation of licence and results or other disposal of the privilege at the risk of the licensee.

The licensee or his agent may also be prosecuted for the specific offence mentioned.

The seat for the white horse shall remain due at once, when a licence is cancelled under this condition.

Note.—For violating condition of a licence, violating this may be suspended.

42. Any licensee may be deprived and the privilege be resumed or otherwise disposed of at the risk of the licensee if the licensee be convicted before a Magistrate of any offence against the <sup>Alcohol</sup> Opium Act, or of any offence under the Indian Penal Code, which in the Collector's opinion renders him unfit to hold it. The purchaser of a privilege is liable to the penalties prescribed in this condition if he is convicted of any such offence as above contemplated after the confirmation of the sale of the privilege to him though before issue of a formal licence. Forfeiture of any licence under this clause shall involve forfeiture of the balance of all deposits after payment to Government of all sums due under the licence.

43. Licences are issued in respect to the Divisional Office all balances which come to their knowledge of persons employed by them in the marshes, swamps or sale of liquor, opium and intoxicating drugs, transmitting breaches of the <sup>Alcohol</sup> Opium laws or of engagements entered into by them and to comply with the Divisional Officer's orders respecting the privilege of employment of such persons. No persons who have been sentenced under the Indian Penal Code shall be employed in the carriage or sale of liquor, opium and intoxicating drugs without the Collector's previous permission.

44. Persons carrying firearms by license of any kind whatever with officials of the Salt, Alcohol and Customs Departments are absolutely prohibited.

45. With the sanction of the Board of Revenue, any licence shall be revocable by the Collector at his discretion on giving the licensee fifteen days' notice of such revocation, in which case a proportionate part of the fee paid will be refunded.

46. All licences shall be issued by any additional general rules that may be prescribed under the <sup>Alcohol</sup> Opium laws and, if so required by the Collector or any officer authorized by him, to deliver up their licences for amendment or for the issue of fresh ones.

#### Conditions applicable to Toddy Licences.

1. The privilege conferred extends only to the sale of toddy.

2. Toddy required for sale should be drawn under separate tree-tapping licences to be obtained under the tree-tax rules from toddy trees in the tract in which the shop is situated or in any other tract in which the rules of tree tax are not lower, subject to the discretion of the officer granting tree-tapping permits.

The Standard Barometer and Thermometer are read at 8 A.M., 12 A.M., 4 P.M., and 8 P.M., and the daily means are obtained by the application of hourly corrections deduced from twenty years' observations. The station of the Barometer is twenty-two feet above the level of the sea, and the observer of the Rain Gauge is ten feet from the ground. The wind, rain and general weather registered are for the nearest Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 9.48 inches, the average due for the same period being 7.01 inches.
